PROFESSIONAL SUMMARY

B.Tech Computer Science (AI) student (2026) with strong backend development skills. Experienced in Node.js, Express.js, MongoDB, and Django. Skilled in building REST APIs, authentication systems, and scalable applications.

TECHNICAL SKILLS

Languages

- JavaScript
- Python

Backend

- Node.js
- Python

Frontend

- HTML
- CSS
- JavaScript

Databases

- MongoDB
- MySQL

Framework

Express.js
Django

CERTIFICATIONS

- Node.js, MongoDB, JavaScript, Django

EDUCATION

B.Tech CSE (AI)

Gurugram University

2022 – 2026

12th

CVPS Rewari

2020 – 2022

10th

CVPS Rewari

2018 – 2020

PROJECTS

E-Commerce Web Application

- Developed a scalable full-stack e-commerce platform using Node.js, Express.js, and MongoDB
- Implemented secure authentication and role-based access control (user/admin)
- Designed RESTful APIs for product management, orders, wishlist, and wallet system
- Integrated Razorpay payment gateway for seamless and secure transactions
- Built complete cart, checkout, and order tracking workflow
- Optimized database queries for faster response and efficient data handling
- Followed MVC architecture for clean and maintainable code structure

Movie Booking System

- Built a dynamic movie ticket booking application with real-time seat selection
- Designed backend logic for booking workflow and data persistence
- Implemented validation and error handling to ensure reliable user experience
- Managed booking records and retrieval using database integration
- Structured application for scalability and modular development

Banking System

- Developed a backend system for account management and financial transactions
- Implemented deposit, withdrawal, and fund transfer functionalities
- Ensured data consistency and integrity during concurrent transactions
- Designed secure transaction logic to prevent inconsistencies and errors
- Focused on reliable backend architecture and clean API design

 INTERNSHIP**Hypestudio**

Backend Developer Intern

- Worked on backend development, REST APIs, database integration, and debugging real-world applications.
